

Browns Plains Baptist Church

Pastoral Care Ministry

*Are you hurting? Is life too overwhelming?
Are you lonely?*

Can We Help?

- At Browns Plains Baptist Church we aim to perform, inspire and coordinate deliberate acts of care and support for the body of Christ and the community.

Our Approach:

- As the world becomes increasingly stressful we recognise that people need to make connections with people who genuinely care about their well-being.
- We provide care in the following areas:

Hospitality and Fellowship: opportunities for developing friendships to ensure no-one in need of care will slip through the cracks.

- Visitation and Prayer:** providing emotional, social, physical and spiritual care and guidance
- Crisis Care:** Support such as meals, babysitting, transport, etc for families in crisis due to illness, tragedy, financial loss, unemployment, etc.
- Caring For Carers:** creating opportunities for carers to share the emotional and spiritual burdens of providing a care ministry, and to access training.

*Showing God's Face Through
Love and Good Works*
